CRITTENTON SERVICES OF GREATER
WASHINGTON

YEARBOOK

A MESSAGE FROM AARON MEYERS

Dear Crittenton Class of 2022,

You should all feel very proud of yourselves for this very incredible achievement. Graduating High School is the first step in beginning your lives as successful young adults. Your class persevered through a pandemic and multiple quarantines, a whole year of virtual learning, and returning to in-person learning for your Senior year. Your abilities to adapt in order to succeed is truly inspiring, and we are honored to have been on this journey with you all.

As your Crittenton family, we are so excited for your futures, and to see you all evolve into the best versions of yourselves. We are confident you will find your paths for making positive change and leave the world better than you found it. For now, take time to have some fun, and celebrate yourselves and your hard work as you reflect on these past four years.

As we approach 134 years of championing teen girls and young women, we want to thank our supporters for joining our community, our mission, and our teen girls' lives. On behalf of the Crittenton Board of Directors, Staff, and Community, we would like to express our deep gratitude for your continuously generous support.

Warm Wishes,

Aaron Meyers, Interim President & CEO
